

E30491

Magnetic mount for vibration sensors

MAGNETIC MOUNT M5 FOR VIBRATION SYSTEMS

Application

Design for efector octavis

Operating conditions

Ambient temperature [°C] -40...80

Mechanical data

Weight [g] 161.1
Material magnet: neodymium nickel-plated; pole pieces: steel galvanized
Sensor connection M5 Internal thread
Pull strength [N] 390

Remarks

Pack quantity 1 pcs.
