

E35068

Cooling jacket for infrared temperature sensors

COOLING JACKET

Application		
Design	for infrared temperature sensors TWxxxx, M30	
Installation	Sensor cooling (air or water); (TW)	
Pressure rating	6 bar	0.6 MPa
Mechanical data		
Weight	[g]	493.5
Material	stainless steel (1.4301 / 304)	
Remarks		
Pack quantity	1 pcs.	

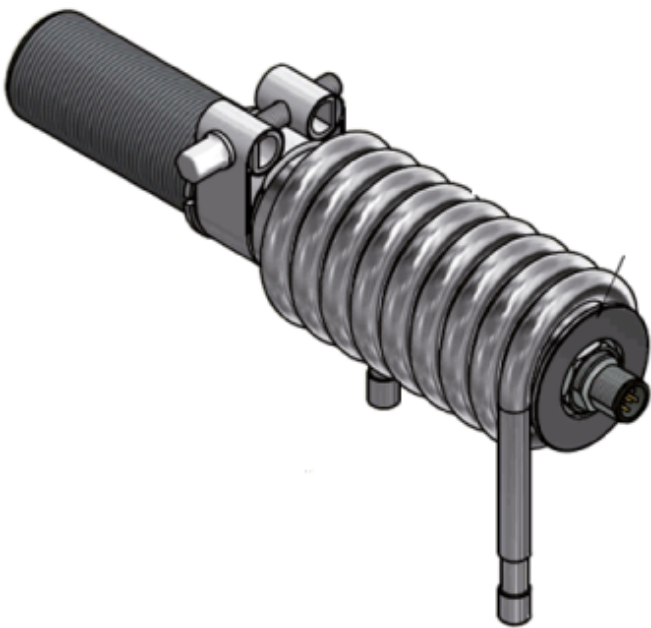

Cooling jacket for infrared temperature sensors

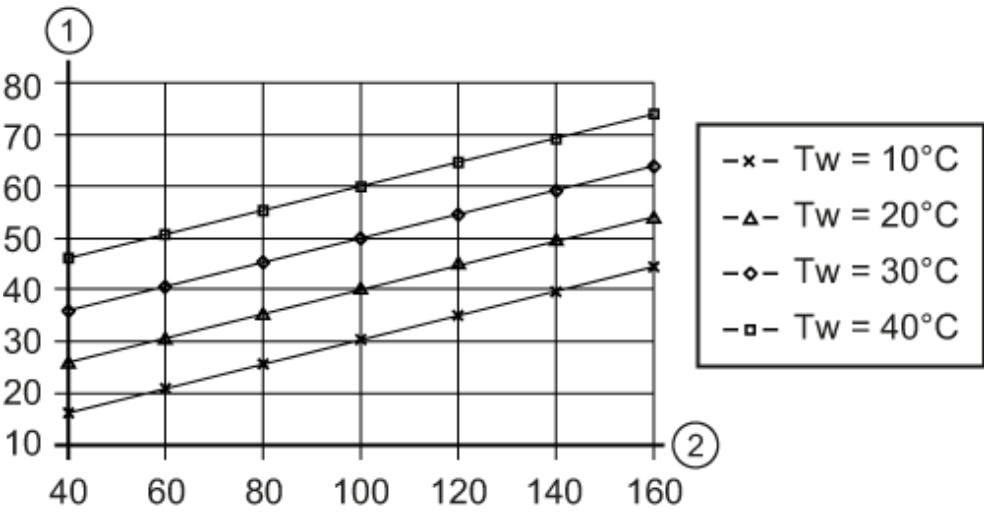

COOLING JACKET
