

EC2114

Programming cable set for CAN interface

R360/CABLE/CANfox-Basic

Application	
Design	for BasicController and BasicDisplay, not suitable for:, CR0431
Application	Industrial applications
Mechanical data	
Weight	[g] 144.3
Remarks	
Pack quantity	1 pcs.

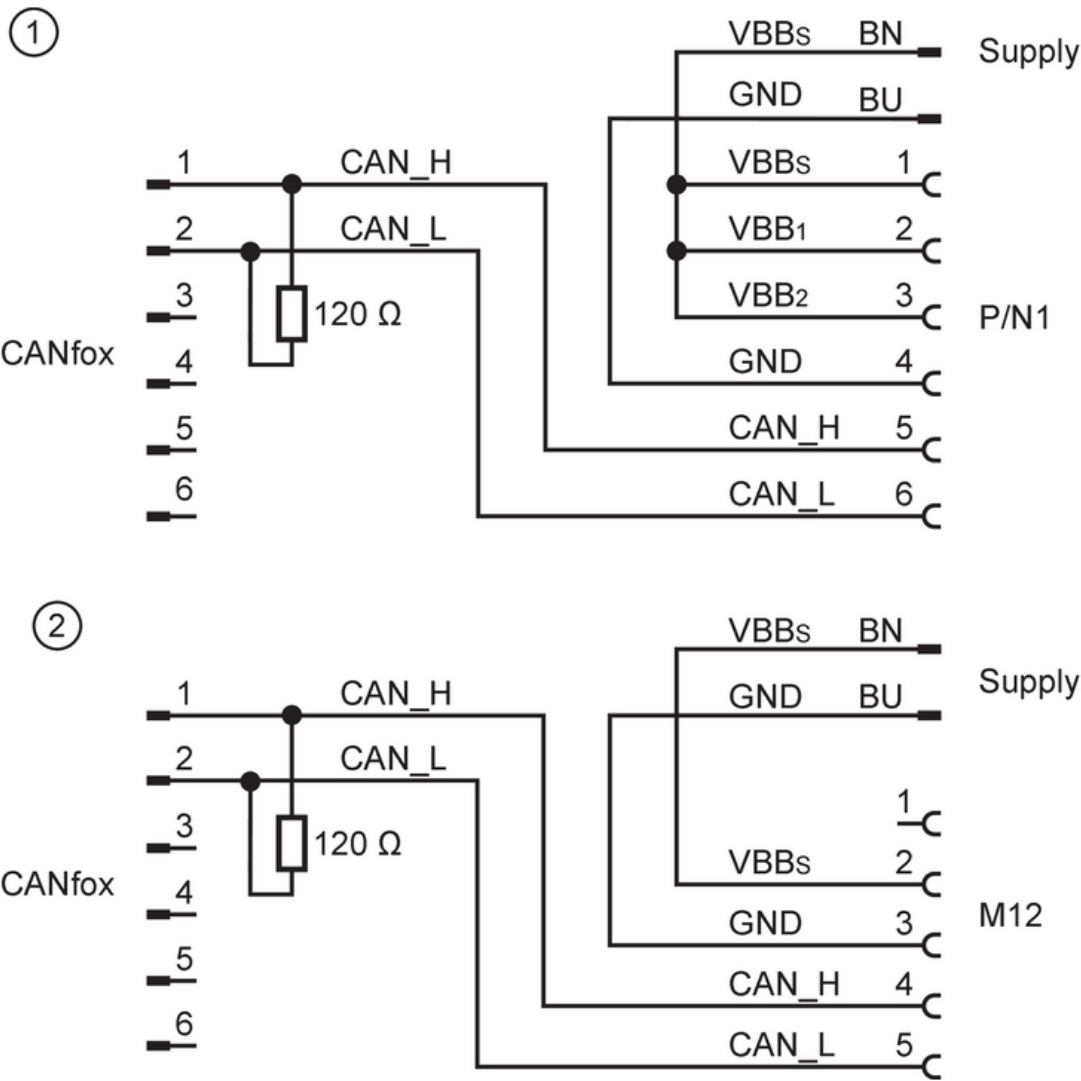

Programming cable set for CAN interface

R360/CABLE/CANfox-Basic

Electrical connection

Cable: 1 m, PVC, grey

Connection

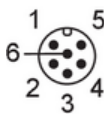

BN brown

BU blue

- 1 programming cable for BasicController
- 2 programming cable for BasicDisplay

Electrical connection - BasicController 1

Connector: DIN connector

Electrical connection - BasicController 2

Connector: Standard timer contact housing

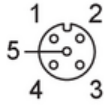

Programming cable set for CAN interface

R360/CABLE/CANfox-Basic

Electrical connection - BasicDisplay 1

Connector: M12; coding: A; Contacts: 5

Electrical connection - BasicDisplay 2

Connector: DIN connector
