

Positioner for industrial valves

SMART POSITIONER DOUBLE ACTING

Application	
Application	suitable for double-acting quarter-turn actuators
Components	position sensor and control unit: 1, MVQ301
	5/3-way solenoid valve: 1, ZJF120
	throttle plate: 1, ZJF122
	Connection cable: 1, EVC508
	Silencer: 2
	with mounting material
Interfaces	
Communication interface	IO-Link
Unterstützte Masterportklasse	B
Mechanical data	
Weight	[g] 904.5
Operating pressure range	[bar] 2.5...8
Remarks	
Pack quantity	1 pcs.
